Chief Executive / Delegated Officers Orders

Notices of Motion

5.1 Cllr. Michael FitzGerald (Ref. ID 2198)

Where bends have been removed on rural roads (in places over 40 years ago) and large tracts of land left unused, and have now become overgrown and are bigger road safety concerns than before, that these lands be given back to the landowner to fence and maintain in a suitable way.

5.2 Cllr. Andy Moloney (Ref. ID 2180)

I am calling for a pedestrian crossing between Colaiste Dun lascaigh and the Estates of Barnora Crescent, Woodlands and the Avenue. If this is not possible then maybe a raised platform to slow cars due to child knocked down recently coming from school.

5.3 Cllr. Marie Murphy (Ref. ID 2182)

That the road at Knocknagapple/Cooladerry, Ballyporeen would be assessed and included in the next roads program. Half of this road was done approximately 17 years ago and the residents were told at that time, that the remaining stretch of the road, to link with the R665, Ballyporeen to Mitchelstown route, would be done within 2 years and this has not happened.

5.4 Cllr. Marie Murphy (Ref. ID 2183)

Following on from many representations by residents of the Cashel Road, Cahir and the meeting with residents, the engineer and overseer for Cahir on May 26th, that an application for works to improve the Cashel Road, Cahir, including footpaths and lighting, would be prioritised under the next round of 'Active Travel', or any such similar application. Great works have been done in Cahir over the past few years to improve/enhance all approach roads except on the Cashel Road from the junction with Colaiste Dun lascaigh out past the bakery.

5.5 Cllr. Andy Moloney (Ref. ID 2185)

That Tipperary-Cahir-Cashel Municipal District apply for funding to provide car pooling parking on derelict council lands in Cahir as commuter traffic is causing issues on the town's approach roads.

5.6 Cllr. Andy Moloney (Ref. ID 2188)

That IW map the fire hydrants in Cahir Town and certify they are functioning adequately when required for use.

5.7 Cllr. Roger Kennedy (Ref. ID 2189)

That the road from Carhue Cross to Annacarty be included in the 3-year programme as it needs restoration work.

5.8 Cllr. Michael FitzGerald (Ref. ID 2197)

That this District looks very seriously at carrying out major repairs on the road from Bansah to Rossadrehid and that it be included on the 2022 Programme of Works.

5.9 Cllr. Michael FitzGerald (Ref. ID 2199)

That the District look at the possibility of connecting the footpath from Ballykisteen to Monard as it would complete a nice walk from Tipperary Town to the County bounds.

5.10 Cllr. Marie Murphy (Ref. ID 2200)

That the road between Carrigmore Cross, Clogheen (E21 H523) and Coakley's Cross, Ballysheehan, Clogheen (E21 N820) be included in the next road programme as it is in very poor condition.

5.11 Cllr. Roger Kennedy (Ref. ID 2201)

That the Housing Section of Tipperary County Council outline to the members what actions it intends to take to eliminate the unruly, intimidating antisocial behaviour of one resident family in Saint Oliver Plunkett Park Cashel and restore the beautiful delightful harmonious ambiance pertaining to this estate prior to September 2019.

5.12 Cllr. Tony Black (Ref. ID 2202)

That Tipperary County Council resurface the one mile long stretch of road at Garranlea, New Inn. The road has a lot of traffic on it and hasn't been resurfaced in many years. The residents have gathered a petition calling on this resurfacing to be carried out and this has been submitted to the council. In the interest of health and safety and to improve the quality of life of residents this work needs to be carried out.

5.13 Cllr. Annemarie Ryan (Shiner) (Ref. ID 2203)

That this Municipal District examine potential traffic calming measures along Davitt Street, out as far as the N24 Limerick Road roundabout. Gardai have been informed and are implementing speed checks, however the new design of the road has seen an increase in speeding. Residents are reporting that speeding is becoming a major issue and cause for their health and safety.

5.14 Cllr. Annemarie Ryan (Shiner) (Ref ID. 2204)

That this Municipal District prioritise the upgrade of the public toilet facilities in Tipperary Town Market Yard and that the new design is in line with current best practice that facilitates universal accessibility. This is particularly important with the emphasis on outdoor recreation as well as the current upgrade of the Market Yard public realm space.
