

COVID-19 - Provision of Local Authority Services

Level 5 – Covid19 restrictions and measures

From Monday 11 January 2021, the following further changes to local authority services will apply.

Tipperary County Council would like to reassure our citizens during this difficult time that the health and wellbeing of our customers, Councillors, employees and their families is of the utmost importance and it is our intention to ensure that service provision is maintained at its highest capacity in accordance with relevant public health advice and standard operating guidelines.

Civic Offices Access Arrangements

Access to all Council offices will be restricted to an appointment-based service and offices will be closed to walk-in services to support reduced mobility.

Access to all essential services can be made by phone, post, email and online. Attendance at Civic and District Offices will be facilitated by appointment only, where considered necessary.

The following paragraphs highlight how Tipperary County Council's services continue to remain available for residents, communities and businesses throughout Tipperary, with a vast number of services accessible from the safety of their homes. As a provider of essential services, this Council is required to serve, lead and represent its communities in the physical, economic and community development of its towns and counties and regardless of the level of Covid-19 related restrictions being applied, Council staff are working to ensure continuity of our essential and critical services across our key operations.

The full suite of services provided via our Planning, Roads, Housing, Environment, Engineering and Municipal Districts Departments will continue to be delivered throughout Tipperary County.
