Notice of Motion No 1399: submitted by Cllr. Fiona Bonfield

Following on from numerous representations and as a result of some very bad weather during the Spring of 2018 I call on this Council to seriously consider putting sections of roads through the town of Newport onto the next roads programme sooner rather than later.

In particular I am referring to Cork Road and Black Road in Newport. Cork Road is the major through road for traffic from Limerick to Thurles and from Thurles to Limerick. The volume of traffic is quite intense at times and the section of road at Cork Road is completely deteriorated and needs immediate attention.

We also have a very bad section up the Black road in the town where a number of business owners have approached me looking for something to be done here.

I am looking for a commitment that these two sections be included in the next roads programme and can we confirm when this new roads programme will be drawn up.

Notice of Motion No 1400: submitted by Cllr. Séamus Morris

In the light that the Government has announced 10 million euros for affordable rental schemes across the country as part of their Rebuilding Ireland action plan and the fact that there has been very little uptake on this i am asking that Tipperary County council put the Streame site in Nenagh forward for a pilot affordable rental scheme. The site is fully serviced by roads, sewerage, electricity and water and is owned by the council so it is shovel ready which is favoured by the Government in their search for a full range of housing options. Recent surveys have shown that the private rental market is broken (Threshold) and 80% of first time buyers can't access credit for mortgages (survey by Grenforth finance) and the ridiculously low threshold for council housing are affecting hard working families in Nenagh

13. To note Delegated Employee Orders for the Nenagh Municipal District.

14. To consider items of Correspondence.

15. Votes of Sympathy/Congratulations.

16. Any other business.
