

Shift time workers
 factory with workers all night & day
 24 h shift
 walk, cycling, cars, run

Residents 2 leave their premises
 R660 - very black
 - too dark
 many walk here
 - difficulty to see on the road when taken by car

Students college
 - walking to school
 - brought by car
 - not many cycle, no cycle paths

drop & go cars
 people bringing their children to school → jamming the deer traffic.

people attending sports parks & clubs
 - horse riding
 - different sports
 - visitors
 - in evening

joggers & cyclists
 Loop
 - inner cycle and cycle
 - people jog this route
 - could be fine country/education
 - organized events & walks

car
 - esp. on road in S
 - many cars

Ambulances / emergency services
 in 2 to the hospital

religious services / funeral
 - in the evening
 - in the church doors
 - visitors in parking

trucks
 - have to go through the town
 - bring all day, all night
 - noise of night

transit station
 - many commuters
 - to take food from
 - parking & access restrictions
 - not suitable for people on the road

access to the...
 in a park
 - walk of the...
 - today & tomorrow
 - to be built

in the park
 - walk

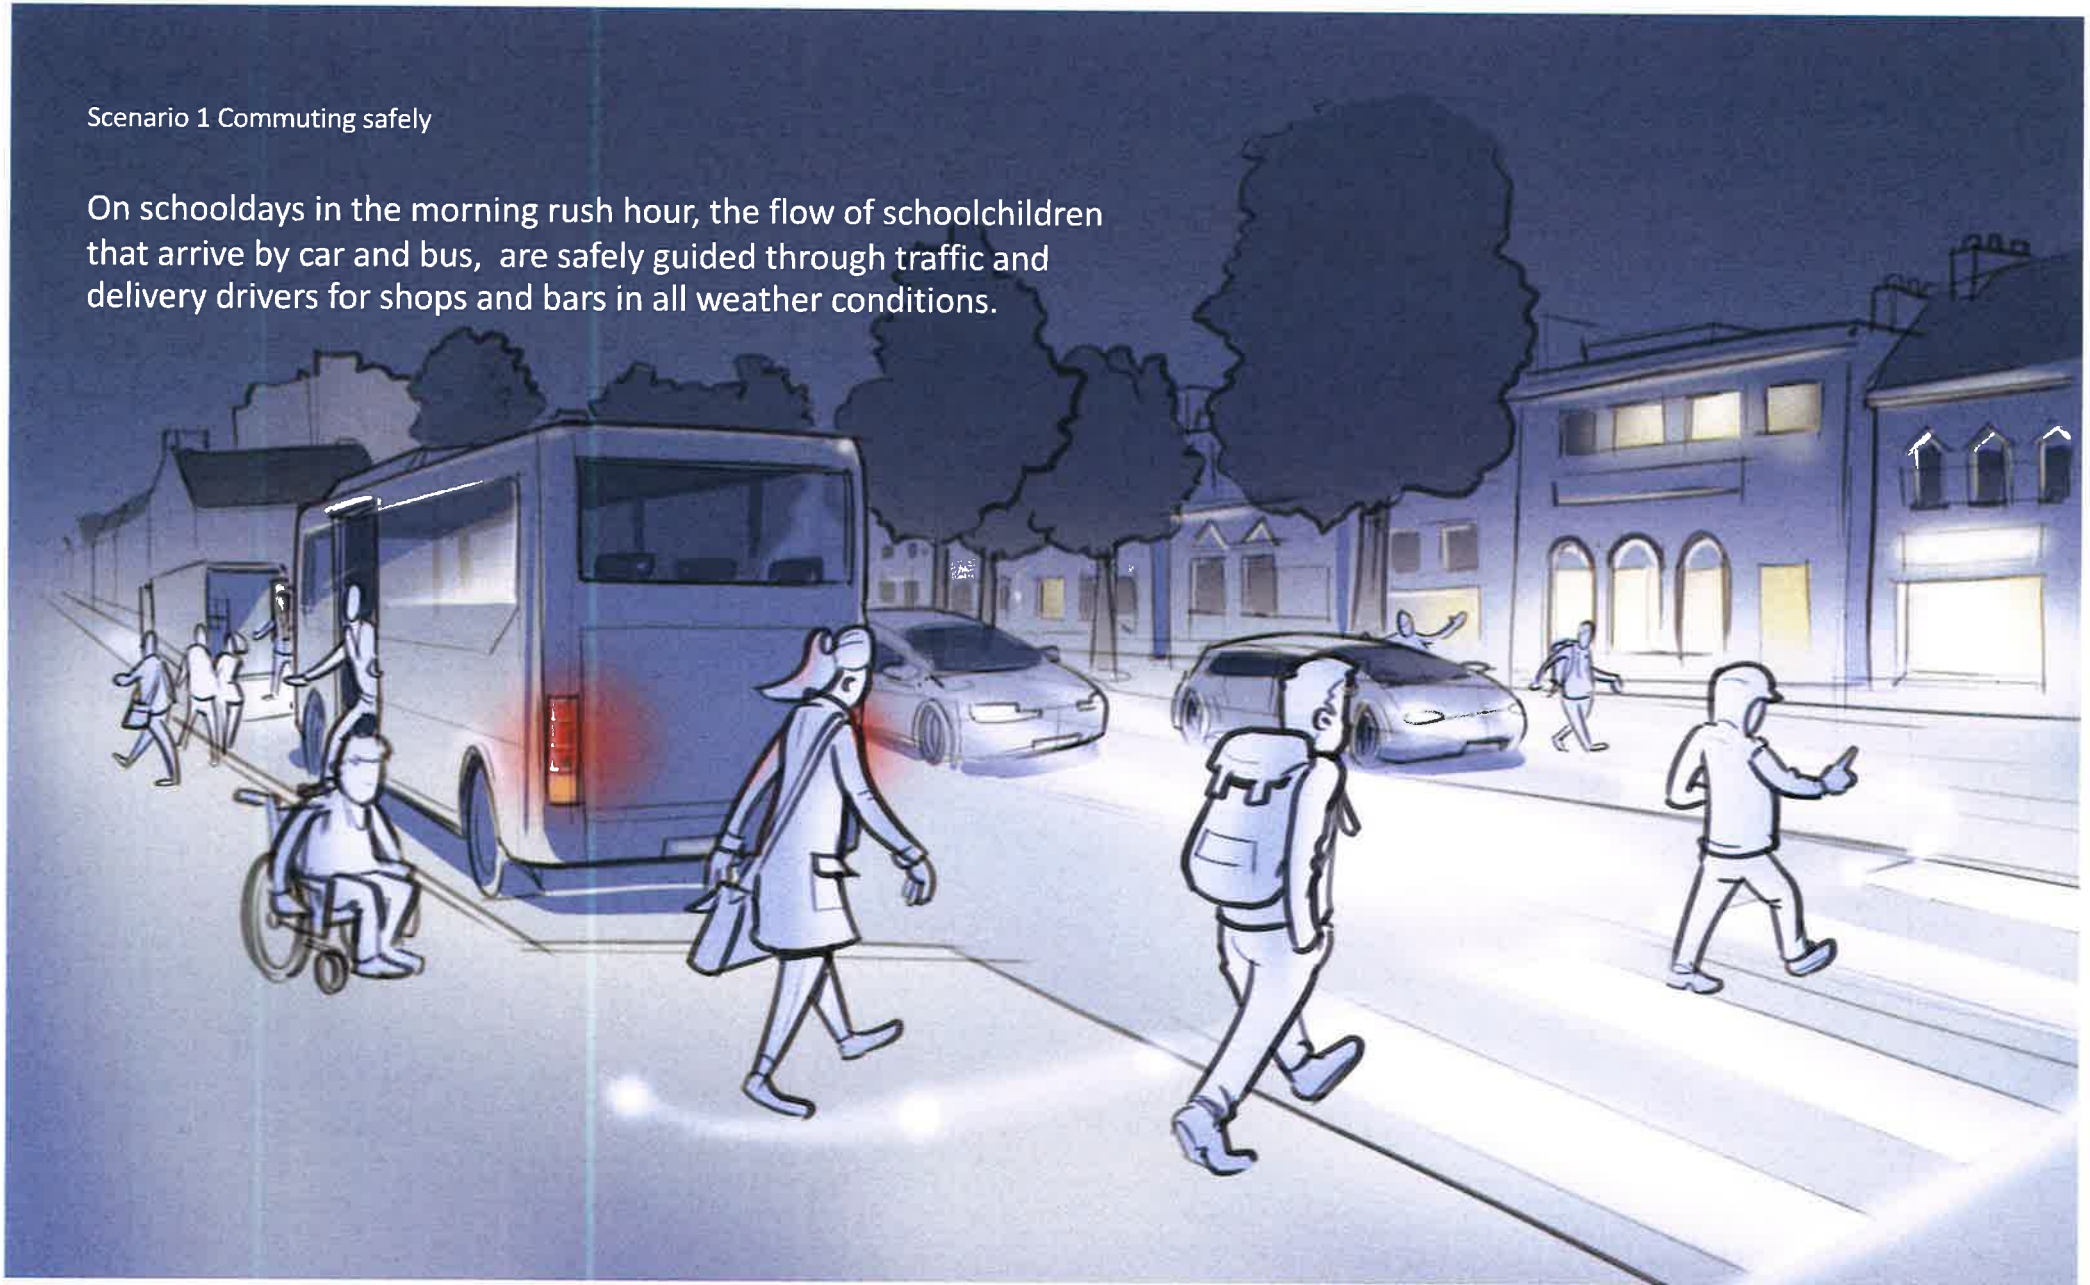

Use cases Tipperary

Detailed description of the specific use cases (Deliverable i4.2.1)

Rianne Valkenburg, Elke den Ouden, Jan-Jaap Rietjens, Sam Khabir, TU/e
 Concept report 12 August 2019

Scenario 1 Commuting safely

On schooldays in the morning rush hour, the flow of schoolchildren that arrive by car and bus, are safely guided through traffic and delivery drivers for shops and bars in all weather conditions.

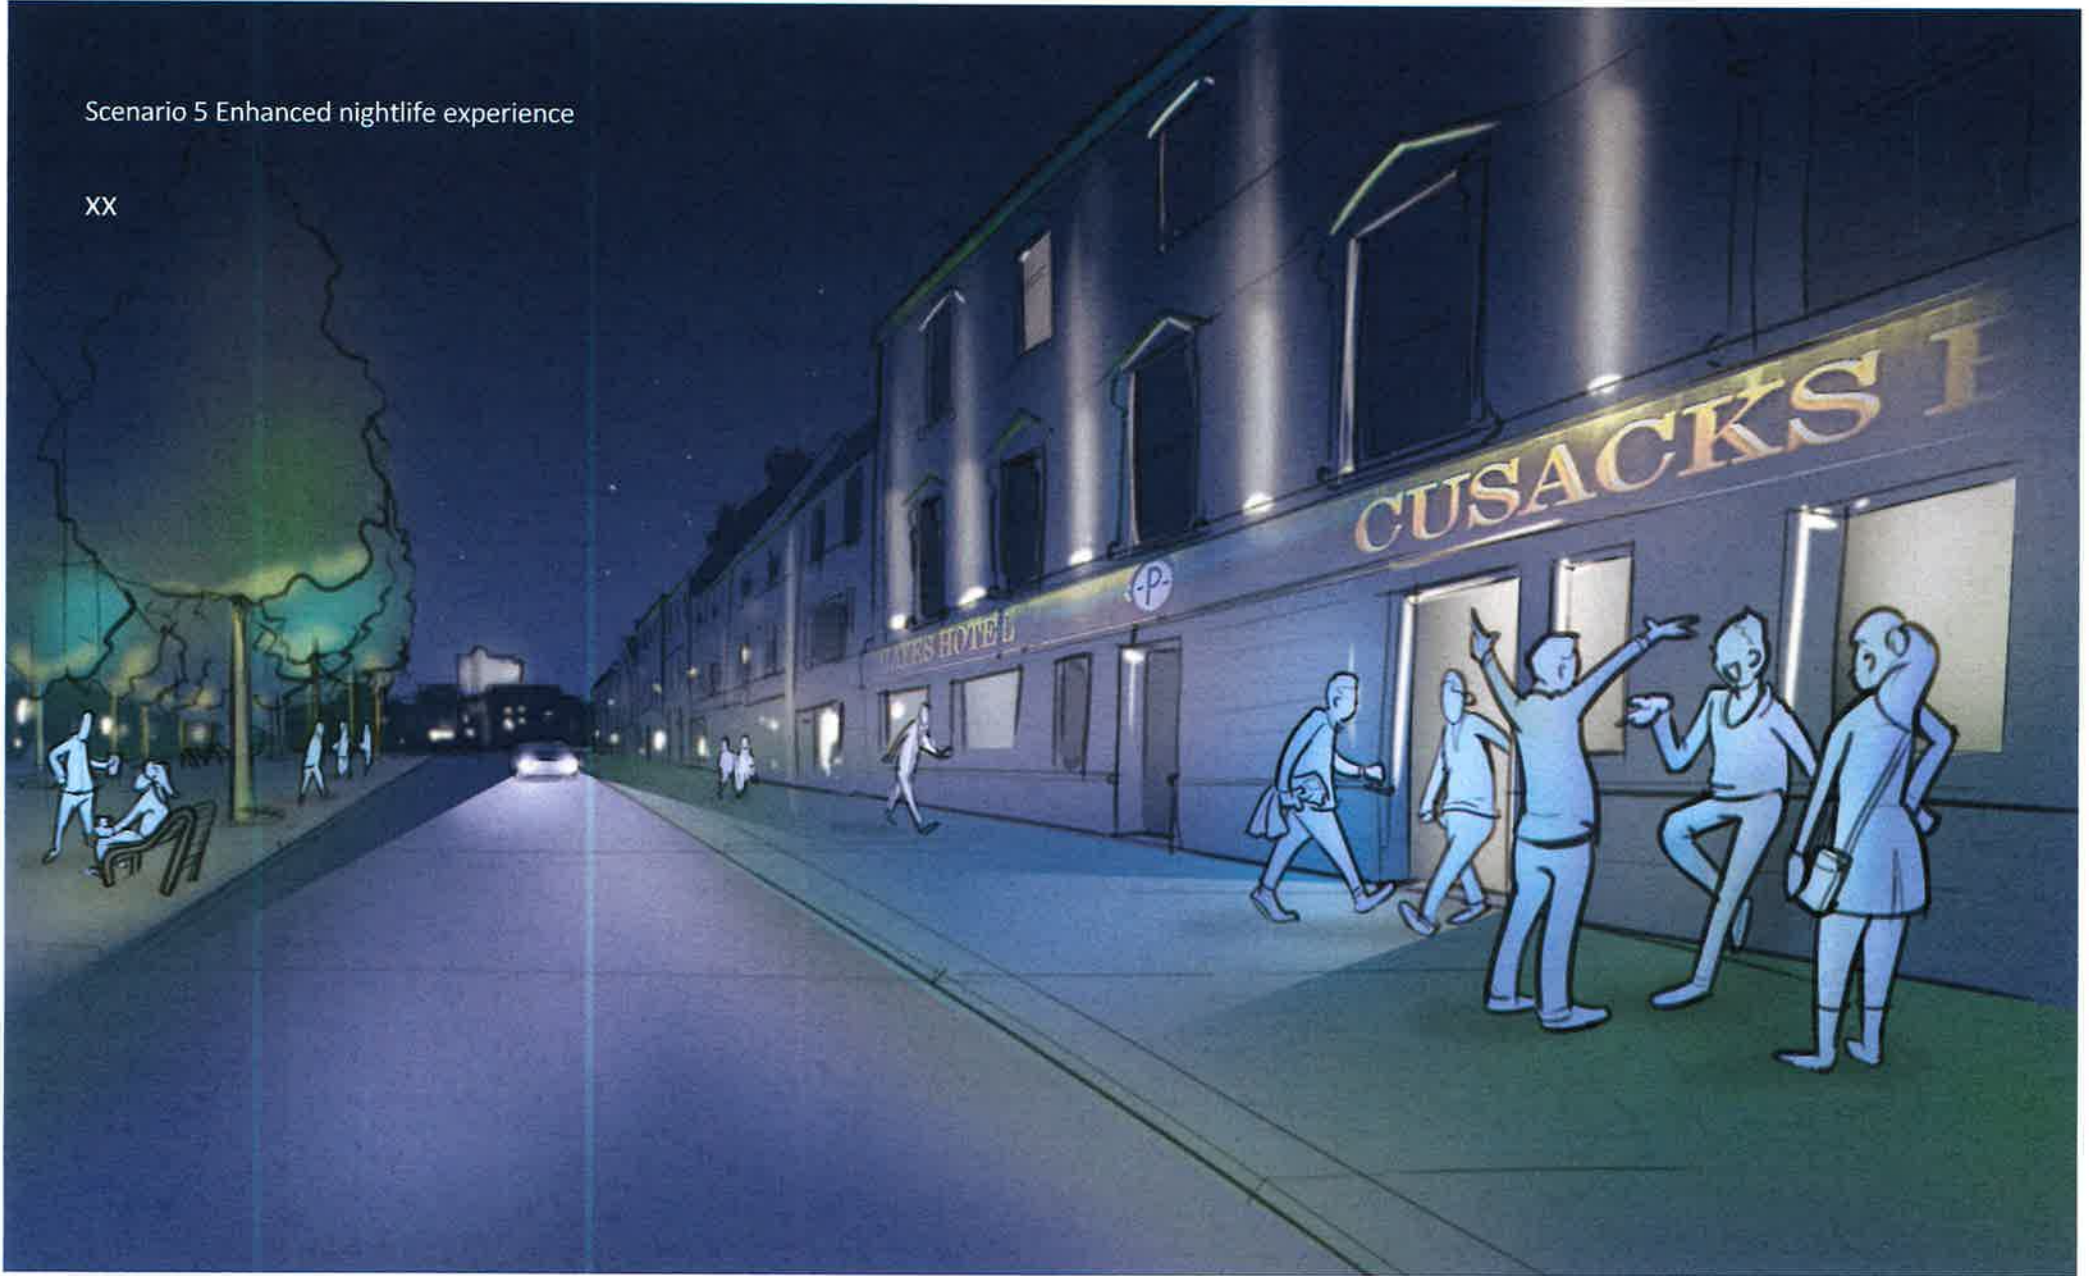

Scenario 2 Enhanced shopping experience

In the (late) afternoon, a pleasant atmosphere is created to attract more people and make them stay longer in the area.

Scenario 5 Enhanced nightlife experience

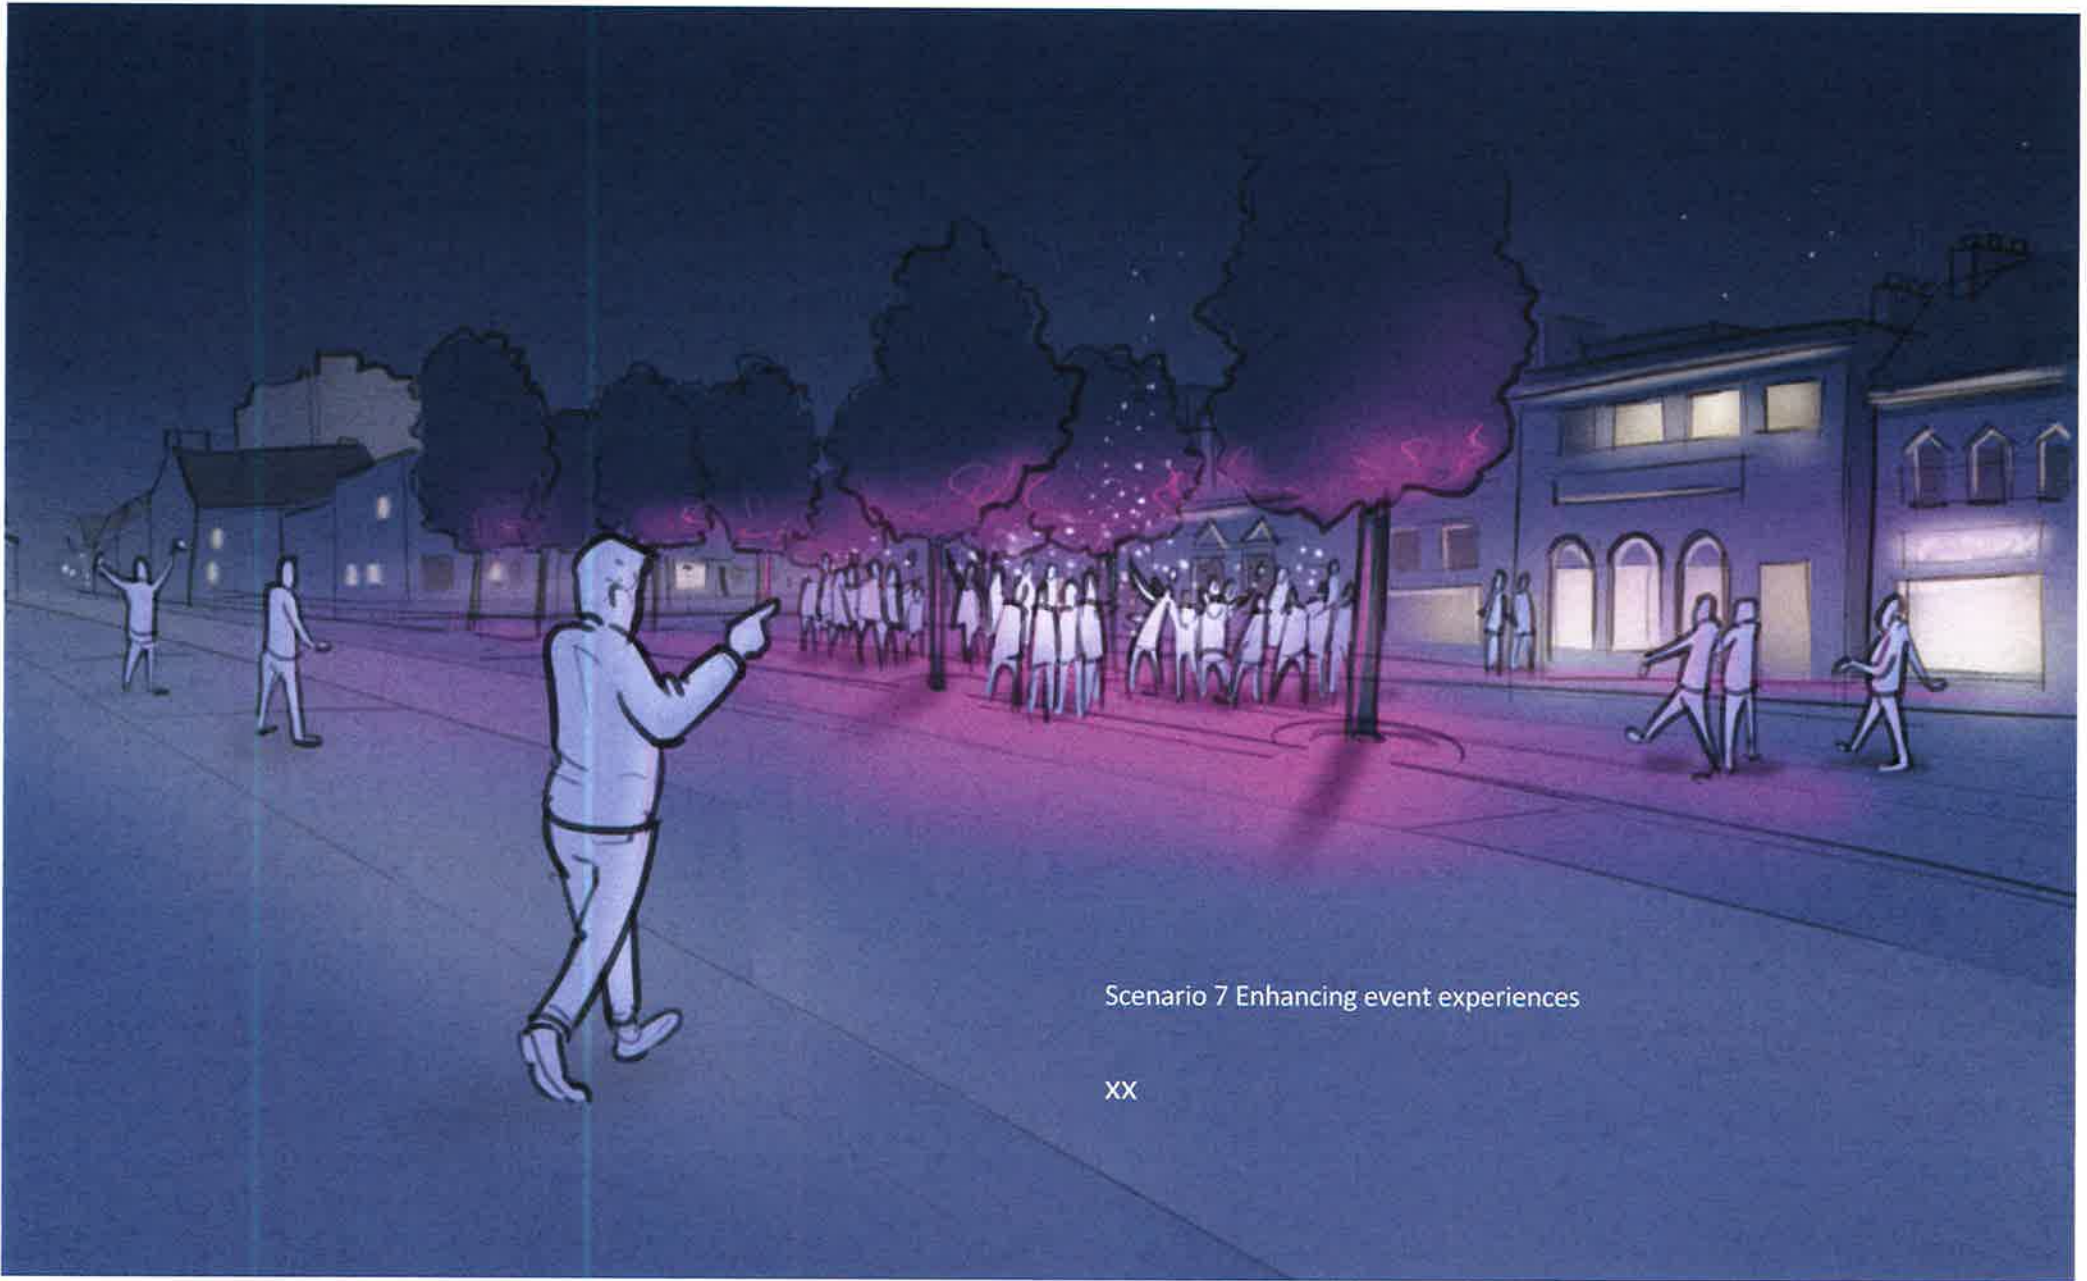

XX

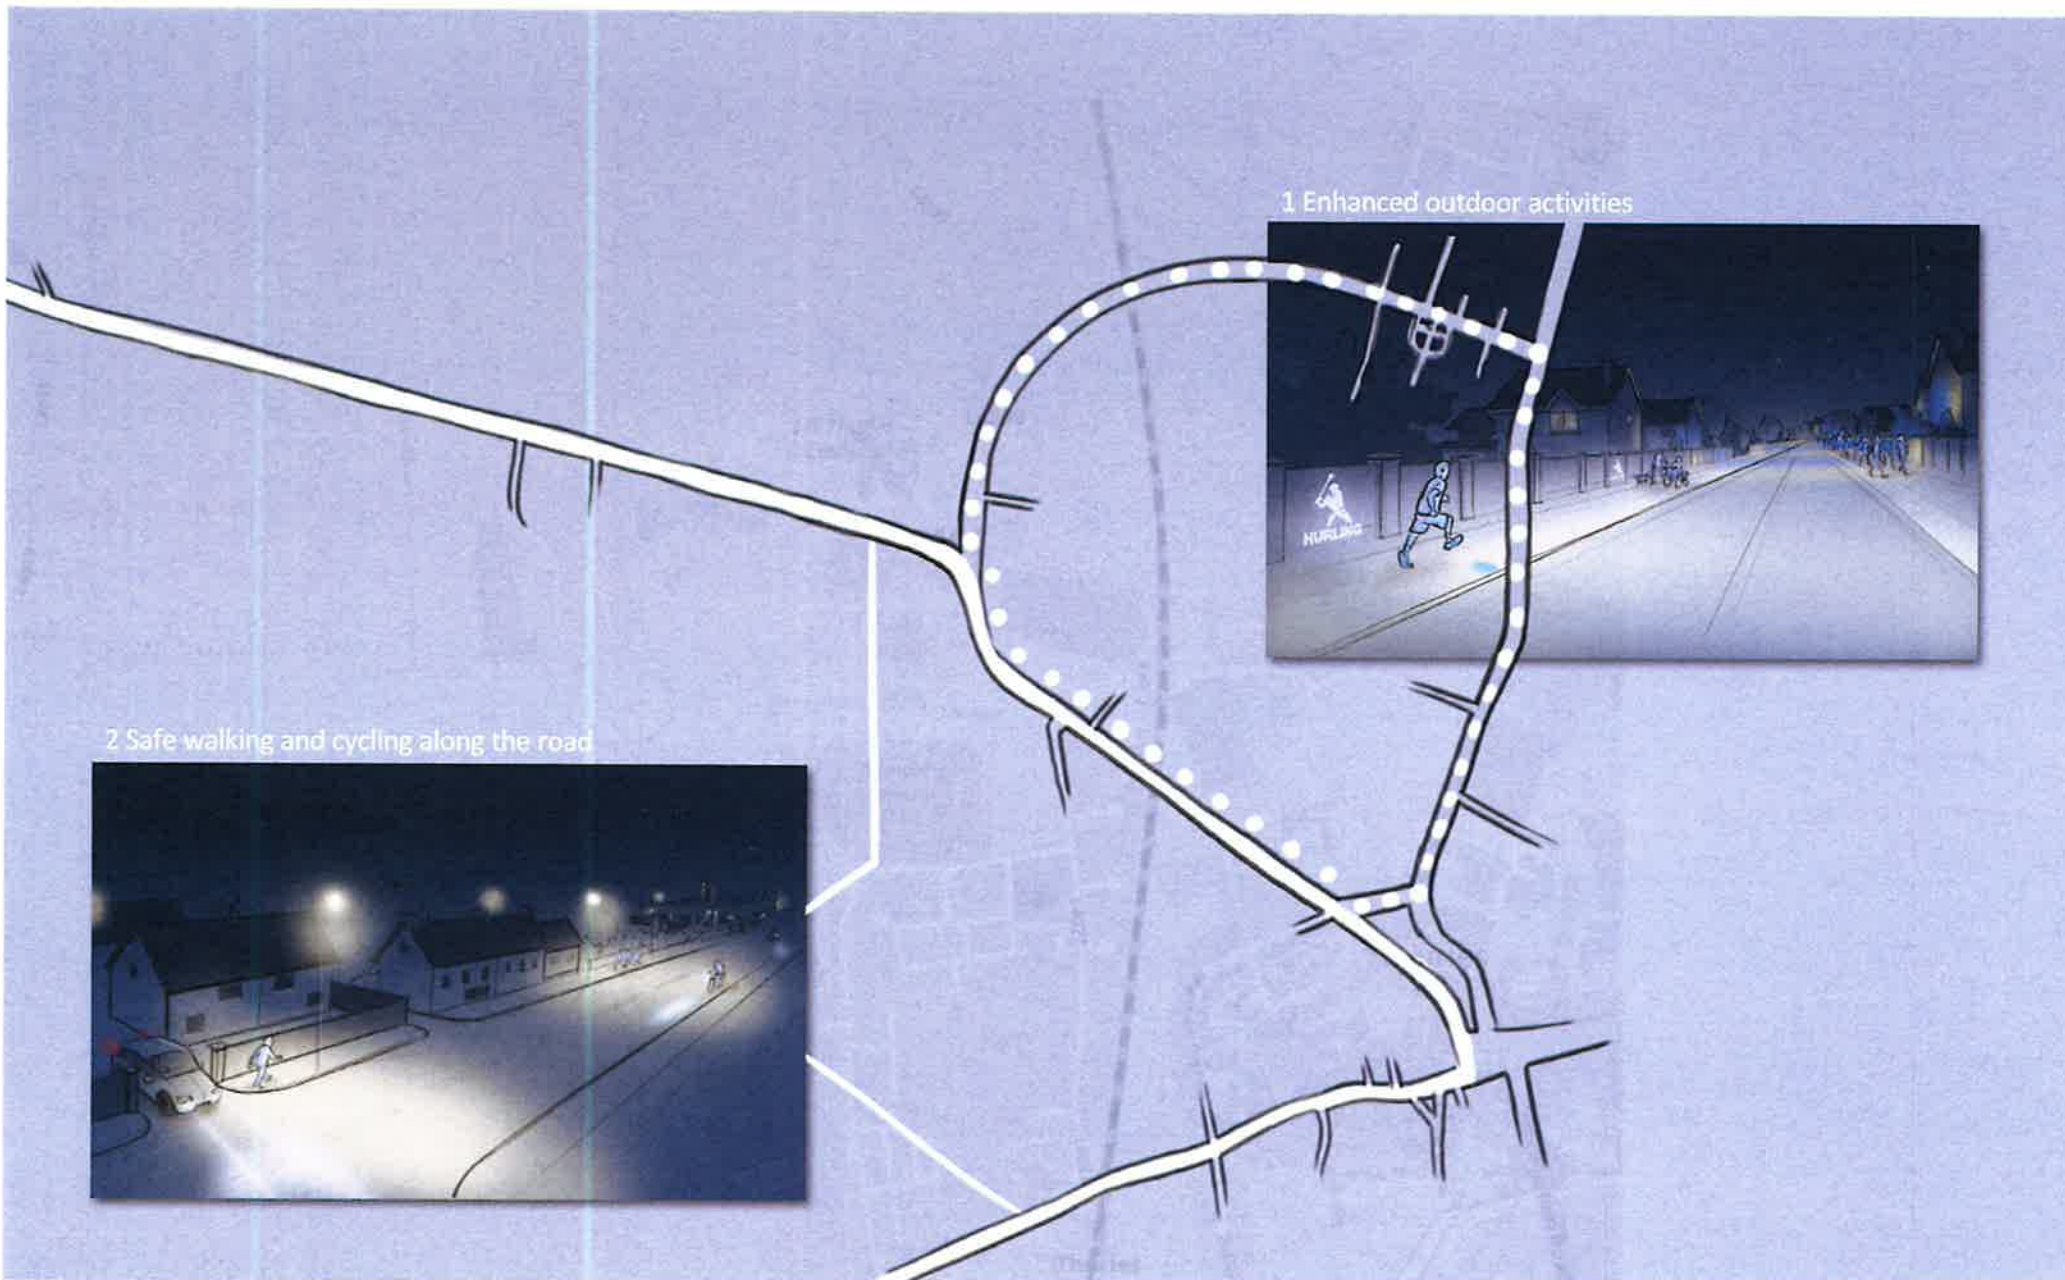

Scenario 6 Merry Christmas

XX

Scenario 7 Enhancing event experiences

XX

1 Enhanced outdoor activities

2 Safe walking and cycling along the road

Scenario 2: Safe walking and cycling along the road

Ensuring good visibility of cyclists and pedestrians alongside the mixed traffic road with maximum dimmed lighting in the night time.
