

TIPPERARY GREEN BUSINESS NETWORK

Breakfast Briefing – “Value Creation from Waste Streams”

Wednesday 19th June 2019, Anner Hotel, Thurles, Co. Tipperary

Circular economy, sustainability, eco-innovation – terms often heard, but what can they mean for my business? Listen to businesses that have developed value opportunities from their waste streams. Hear about their experiences and the lessons they have learnt.

And while listening, enjoy a delightful breakfast made from local Tipperary food produce!

Attendance at the event is free and is open to businesses across all sectors. However, prior registration is essential.

Programme
