1. Adoption of Minutes.

It was proposed by Councillor S. Ryan, seconded by Councillor M. Smith and resolved:

"That the Minutes of the March Monthly Meeting which was held on the 25th March, 2018 be adopted as a true record of the business transacted at the Meeting."

The Acting Meetings Administrator advised that the Municipal District Monthly Meetings will commence at 11.30am and any other meetings will be held before the District Meeting with the exception of the months of June and July whereby the District Meeting will commence at 10.00am in accordance with the Templemore-Thurles Municipal District Standing Orders.

2. Presentation by Community & Economic Development.

The Leas Cathaoirleach welcomed Áine McCarthy, A/Senior Staff Officer, Community & Economic Development Section to the Meeting. Áine circulated a report on Community and Economic Development and in the course of her presentation gave comprehensive updates on activity in the County and the Municipal District under the following headings:-

- Community
- Economic & Enterprise
- Culture
- Tipperary County Museum

Áine welcomed the announcement of the holding of the "Féile Classical" in Semples Stadium later in the year and advised that the Council will assist in maximising the economical potential of the event.

The Members thanked Áine for her comprehensive report and made the following points:

- There is a need for greater promotion of the three racecourses in Tipperary and co-ordination with the hotels in order to attract people into our towns.
- Heritage sites located in the District should be promoted as part of a package to improve the tourist experience.
- The Council should provide every assistance in raising the profile of the forthcoming "Féile Classical" while protecting the interests of residents living in close proximity to the stadium.
- Re-examine the possibility of creating a greenway on the old railway line from Thurles to Clonmel.
- The lack of access in the County to high speed broadband is not acceptable and contact should be made with the Department to highlight the issue.
- The route of the decommissioned Bord Na Mona railway line would be ideal for the development of a greenway and should be pursued by the liaison group.
- National Procurement Frameworks are detrimental to the local economy as they can lead to exclusion of local suppliers.
- The need for a Suicide Prevention Officer for the County.
- Lack of available taxis at peak times in Thurles is contributing to anti social behaviour.
- Explore the possibility of providing free Wi-Fi in our three towns.

Áine gave the following responses:

- The promotion of the three racecourses in the County will be referred to the Tipperary Tourism Company who have a representative with an equestrian background on the Board.
- Heritage sites in the District are promoted regularly and feature on www.tipperary.com.
- The two greenway proposals will be relayed back to Community and Economic Development Section.
- Concerns regarding Broadband will be referred to the Broadband Officer for the County.
- An update on the request for the provision of a Suicide Prevention Officer in the County will be sought.

The Leas Cathaoirleach thanked Áine for her presentation and she left the Chamber.

3. Bord Na Mona Liaison Group.

The Acting Meetings Administrator confirmed that the first meeting of the liaison group with representatives of Bord na Mona is scheduled to take place on 23rd May, 2018 at 2.30pm.

It was unanimously agreed that the Cathaoirleach and Councillors Sean Ryan and John Hogan would sit on the liaison group along with the District Director and Acting District Administrator.
